Special Thanks to our Title Sponsor, **Robert Gandara, United Healthcare/Secure Horizons**, who stepped up to be our Title Sponsor two years in a row.

Thanks to the committee's commitment, passion and the support, we had an amazing event! This year, our fundraiser raised thousands of dollars and the proceeds will be benefiting Sheila R. Veloz Breast Imaging Center (to assist women who need exams and do not have insurance coverage) and Henry Mayo Hospital (to build a NICU Lactation Center). Thanks to the restaurants, wine bars and distributors, retailers, and musicians who joined together, to contribute their time and expertise to create a wonderful afternoon for our guests.

We look forward to another fabulous **"The Wine Affair" next October 2011!**

As coordinator of volunteers, I would like to express my sincere gratitude to all the wonderful people who stepped up and helped at The Wine Affair. With having 12 venues, we needed a lot of coverage this year, and the friendly smiles and cheerful demeanor of all the volunteers really helped make this event the success it was. So again, thank you, thank you, thank you!

Pam Capistrano

At the end of my life, I will know that I always thought of others and that makes me feel good. Like the two years prior to this year, I walk away from "The Wine Affair" with new friends and happiness."

Sponsor VIP Reception

The Friday night event received great reviews for the community. They felt the party was classy and very elegant - fantastic food, great wines and lots of fun with the Top Chefs Cook off. I would like to thank my husband for always opening our home to the community.

This Wine Affair Editor, Darlene Gandara

I have been a witness to three very brave women this year, who battled breast cancer; two have defeated it and the other is still battling.

My sorrow once again turned to passion and I stepped up for a third year as a co-chair for this fabulous event. I needed to reach out to you – your passion and willingness to help our club bring awareness to breast cancer.

Thank you for not waiting until this disease hits home to help. I thank you from the bottom of my heart!
